STATE IMPLEMENTATION PLAN MATTER

Item 49 **[Docket No. 2014-1248-SIP.](#)**

Consideration for publication of, and hearing on, the proposed State Implementation Plan (SIP) Revision for the Houston-Galveston-Brazoria (HGB) Area Redesignation Substitute for the One-Hour Ozone National Ambient Air Quality Standard (NAAQS). The proposed redesignation substitute SIP revision would satisfy the anti-backsliding obligations for the revoked one-hour ozone NAAQS and ensure that the substance of the redesignation requirements is met for the HGB area. This redesignation substitute would take the place of a redesignation request and maintenance plan, which the United States Environmental Protection Agency normally requires under a standard that has not been revoked. (Melanie Rousseau, John Minter) (Project No. 2014-011-SIP-NR)

RULE MATTERS

Item 50 **[Docket No. 2014-0426-RUL.](#)**

Consideration of the adoption of amendments to: Section 55.201 of 30 TAC Chapter 55, Requests for Reconsideration and Contested Case Hearings; Public Comment; Sections 305.49 and 305.154 of 30 TAC Chapter 305, Consolidated Permits; Sections 331.82, 331.107, 331.108 and 331.122, and new Section 331.110 of 30 TAC Chapter 331, Underground Injection Control. The adoption would implement House Bill 1079, 83rd Legislature, 2013, Regular Session. The rulemaking requires that all new, amended, or renewed Class III Underground Injection Control permits include a permit range table. This table will have

concentration ranges for each of the groundwater quality parameters listed in the restoration table of each Production Area Authorization (PAA) associated with a permit. The restoration table values of the PAA must be within the respective ranges in the permit range table. If a permittee requests revision of a restoration table value, the requested revised value must be within the respective range of the permit range table; otherwise the permit range table must be amended, which is subject to opportunity for a contested case hearing. The rulemaking also changes the conditions that determine when an application for a PAA may be subject to opportunity for a contested case hearing, consistent with the requirements of HB 1079. The proposed rules were published in the May 30, 2014, issue of the *Texas Register* (39 TexReg 4125, 4160, and 4165). (David Murry, Don Redmond) (Rule Project No. 2013-058-331-WS).

Item 51 **Docket No. 2014-1223-RUL.**

Consideration for publication of, and hearing on, proposed revisions to 30 TAC Chapter 37, Financial Assurance, and Chapter 336, Radioactive Substance Rules. This rulemaking would implement Senate Bill 347, 83rd Texas Legislature, 2013, Regular Session, by amending 30 TAC Sections 37.9045 and 37.9050, which would reference the new environmental perpetual care account and by amending 30 TAC Sections 336.2, 336.105, 336.1111, and 336.1127, and proposing new Section 336.739, to provide for volume reduction of low-level radioactive waste and to meet federal compatibility standards. The proposed rulemaking would also implement changes to license application requirements for source material recovery or by-product disposal licenses regarding notification to landowners. (Bobby Janecka, Amie Richardson) (Rule Project No. 2013-056-037-WS)

Item 52 **Docket No. 2014-0953-RUL.**

Consideration for publication of, and hearing on, proposed amendments to Sections 114.2, 114.7, 114.53, 114.60, 114.62, 114.64, 114.70, and 114.87 of 30 Texas Administrative Code Chapter 114, Control of Air Pollution from Motor Vehicles, Subchapter A, Definitions, and Subchapter C, Vehicle Inspection and Maintenance; Low Income Vehicle Repair Assistance, Retrofit, and Accelerated Vehicle Retirement Program; and Early Action Compact Counties. Amendments to Sections 114.2, 114.53, and 114.87, if adopted, will be submitted to the United States Environmental Protection Agency as a revision to the state implementation plan. The proposed rulemaking would establish a formal procedure to allow a county that participates in the Low Income Vehicle Repair Assistance, Retrofit, and Accelerated Vehicle Retirement Program (LIRAP) to opt out of the program, which includes ending the LIRAP contract between the county and the executive director and removing the LIRAP fee from the state fees assessed during annual vehicle inspection and remitted by vehicle owners during vehicle registration. The proposed rule revisions would differentiate between eligible counties that participate in the LIRAP and those that do not. (Jamie Zech, Sierra Redding) (Rule Project No. 2014-027-114-AI)
